DATA RELEASE AGREEMENT

(RECIPIENT) accepting synthetic dataset(s) ("Data") from the Subsalt Multiple Attenuation And Reduction Technology Joint Venture (SMAART JV) agrees to the following terms.

1. The Data are wholly owned by the current members of the SMAART JV, with all rights and privileges of ownership. RECIPIENT is hereby granted the right to use the Data in its operations. RECIPIENT shall not release, transfer, license, sell, or trade Data in any form or fashion. It is acknowledged and agreed that RECIPIENT may present the results of using the Data in its operations.

2. RECIPIENT will give attribution to the SMAART JV in any publication or presentation.

3. RECIPIENT will provide the SMAART JV with a copy of any public presentation (written, oral or electronic) that uses the Data. For journal articles, a copy will be provided at the time it is submitted for review; for society meetings, at the time the abstract is submitted and a copy of the full presentation at the time of the meeting; for internet presentations, when it is posted to the internet.

4. RECIPIENT agrees that the Data is provided and accepted on an "as is" basis without any warranties, express or implied, and that the members of the SMAART JV disclaim all warranties including, without limitation, the warranties of merchantability and fitness for any particular purpose. The numeric model in this Data is not warranted to match any real or physical model data. The members of the SMAART JV and RECIPIENT neither make nor receive any other warranty (express or implied) in connection with this Agreement. The members of the SMAART JV will not be liable hereunder for any damages, including indirect, special, incidental, consequential, exemplary or punitive damages or expenses (including lost profits or savings).

5. The terms of this agreement apply for a period of three years unless stated otherwise.
